

# ABOUT COMPANY

**ARCONEST CONSULTANTS** is a name to reckon in today's widespread construction industry. By the virtue of been consistent and adding value to client requirements, Arconest Consultants is one of the renowned Quantity Surveying Company in Pune.

ABOUT COMPANY

# THE JOURNEY SO FAR

Incepted in 2014, Arconest is the brainchild of ace cost estimator and **Founder - Mr. Rameshwar Chitale**. The company brings in novel cost estimation solutions and is a brand that is synonymous with reliability and ROI-driven performance. Living by excellence, the company stands tall as the knowledge partners for diverse construction projects. Providing top-notch services to Contractors, Architects, Real Estate Developers, Structural Consultants, and Individuals, Arconest has stepped up the market ladder in quick succession.

# WHAT WE DO

**Breaking stereotype estimation solutions,** the company is at the helm of designing customized solutions for its clientele. Ranging from project identification to implementation, Arconest offers Building Cost Estimation and Quantity Surveying Services. Transforming the architectural drawings into crucial pieces of information such as Budget, and BOQ's is how Arconest contributes to the client's requirement.

# OUR SERVICES

## DETAILED QUANTITY ESTIMATES

We don't join mid-way! Right from conceptual pre-launch, detailed pre-contract/ tender estimate, to postcontract/GFC estimate, our reports are a breather for the clients.

## BAR BENDING SCHEDULE

We specialize in preparing sketches & bending dimensions for all items including columns, footing, sheer walls, beams, slabs, and more. Having diagram-wise reinforcement quantities is a sure shot way

## BUDGETING & COSTING

We offer the most comprehensive and accurate cost estimating and planning services. This is how you get a real financial projection at the early stages of the project.

## ALL-INCLUSIVE CONSTRUCTION MANAGEMENT

Detailed activity-wise planning & scheduling of the project report goes a long way in adhering to the timelines of a project. Much suited for fast-track projects or smallscale projects.

## EXHAUSTIVE RATE ANALYSIS

Our real-time calculation helps us to figure out a clear cost picture of the material purchase price, labour expenses, and profit margins.

# OUR SERVICES

## ASSISTANCE ON BILLING

Pending bills by the contractor or agencies are a major reason for project delays. Our detailed Quantity Estimation sheet ensures the bills are verified against the calculated quantities.

## STRUCTURAL AUDIT SERVICES

We perform thorough structural audits for building stability, safety, and compliance, aiding owners in issue identification and priority repairs.

## TURNKEY CONTRACTORS FOR LUXURY BUNGALOWS

Specializing in luxury bungalows, we manage projects fully from concept to interior design – ensuring bespoke, quality living spaces.

## BIM (BUILDING INFORMATION MODELING) SERVICES

Utilizing BIM tech, we enhance construction collaboration, minimize errors, and optimize resource allocation for full project lifecycle.

## TECHNICAL ASSISTANCE ON CONSTRUCTION

Our experts provide hands-on construction guidance, ensuring seamless execution aligned with industry standards, materials, and practices.

# WHY CHOOSE US
